Available in 5 stylish contrasting colors

SlimFlex Folio Case with Pencil Holder

Crafted from premium vegan leather it's as stylish as it is durable, resisting scratches and discoloration. The cover folds like origami, offering three versatile stand positions: eye-level for ergonomic comfort, a low stand for relaxed viewing and an angled position for creativity. Strong magnets hold the stand securely in place while the TPU inner case provides drop protection and features a handy tray for storing/charging your Apple Pencil. Elevate your iPad experience with this stylish, protective and practical companion.

- Origami cover stand supports three positions including eye level
- Lightweight and ultra slim design for portability
- Raised edge protects camera and screen
- Built-in Apple Pencil holder for storage
- Folding cover supports auto wake/ sleep functions

Classic USB-C Charge Cable

The Classic USB-C to USB-C Cable is a slim and flexible cable supporting up to 3A/60W power pass-through so you can quickly charge your USB-C phone, tablet, camera or laptop. Supporting USB 2.0 data transfer speeds of up to 480Mbps for efficient data syncing, its smooth anti-tangle surface and 2-meter length makes it easy to use your device while it charges.

- Supports up to 3A/60W power pass-through
- Slim and flexible PVC jacket
- 2-meter length
- USB 2.0 data transmission speed

Classic USB-C to USB Cable

The Classic USB-C to USB-A Cable is perfect for charging or syncing your USB-C smartphone or tablet with your laptop. The slim and flexible cable supports up to 3A of power pass-through and allows you to charge your USB-C device with an older USB-A charger, battery pack or laptop USB port, as well as quickly sync or transfer data at up to 480Mbps.

- Supports up to 3A power pass-through
- Slim and flexible PVC jacket
- 1-meter length
- USB 2.0 data transmission speed

Classic USB-C Cable with Lightning Connector

Compatible with the latest Power Delivery charging technology, you can charge your iPhone up to 50% in only 30 minutes using an 18W USB-C charger or transfer and sync data with your laptop at up to 480Mbps. Apple MFi certified for guaranteed compatibility with your device, the cable features a smooth tangle-resistant surface and an ultra-compact Lightning connector so it's compatible with most types of cases.

- Supports USB-C PD fast charging
- Data transfer at up to 480Mbps
- 1 or 2 meter lengths
- MFi certified for guaranteed compatibility

AuraCharge 3-in-1 Wireless Charger

The AuraCharge delivers up to 15W rapid charging with adaptable portrait or landscape orientation for an uninterrupted media experience. The comprehensive design includes a 2.5W charger catering to Apple or Galaxy Watches, complemented by a 3W charger specifically crafted for Apple AirPods. With a versatile 180-degree rotation capability and a customizable RGB LED ring on the base, the AuraCharge seamlessly combines practicality with a touch of elegance.

- 3-in-1 Charging: iPhone, Apple Watch & AirPods
- Quickly charge your iPhone at up to 15W
- Magnetic attachment for iPhone in portrait or landscape orientation
- 180-degree rotating base design
- RGB light ring on the base acts as a nightlight

JCP6224

USB-C Hub with Wireless Charger

Keep your mobile device charged and your accessories connected with the USB-C Hub with Wireless Charger. This high-performance hybrid detects and delivers the optimum wireless charging speed* for your device (5W, 7.5W or 10W) and can extend or mirror your display to a 4K monitor or TV. The USB 3.0 and dual USB 2.0 ports provide a high-speed connection for all your USB peripheral devices such as hard drives and printers, and the USB-C Power Delivery input keeps your devices powered up while you work.

- Adaptive high speed wireless charging
- HDMI port outputs crisp 4K video at 30Hz
- High speed USB 3.0 port and 2x USB 2.0 ports
- USB-C PD pass-through charging up to 60W
- Durable aluminum shell

JCP6179

USB-C 9-Port Hub

Designed for digital creatives, this sleek and compact hub features a 4K HDMI port which allows you to mirror or expand your desktop to a high resolution external monitor. Three USB 3.1 Gen 1 ports provide a high-speed connection for all your USB peripheral devices such as hard drives and printers, and a Gigabit Ethernet port allows you to directly connect to the internet for faster than WiFi surfing speeds. Upload photos from your camera using the SD or microSD card slots and connect headphones or speakers using the 3.5mm Aux port. The hub also features a USB-C PD input port supporting up to 60W power pass-through so you can keep your laptop powered while you work.

- 9 total ports in one compact adapter
- HDMI port outputs crisp 4K video
- 3x High speed USB 3.1 ports
- Gigabit Ethernet port
- 3.5mm auxiliary audio port
- SD and microSD card slots
- USB-C PD power input to charge your laptop
- Durable aluminum shell

JCP6204

USB-C Ultra Slim Dock

Designed to make your digital life more organized and connected, the USB-C Ultra Slim Dock brings 10 additional ports of connectivity to your device. The sleek wedge shape allows you to place the dock under your laptop, elevating it slightly to increase airflow while keeping the array of ports within reach. Simply connect the USB-C cable to your device and you can expand your desktop over two additional displays, connect peripherals such as hard drives and printers to the high speed USB 3.0 ports or import photos and videos from your cameras SD card. The dock also features a USB-C PD input port, so you can keep your laptop powered up while you work.

- HDMI port outputs crisp 4K video
- VGA port supports 1080P video
- 3x High Speed USB 3.0 ports
- USB-C 60W power pass-through to charge your laptop
- 10/100/1000 Gigabit Ethernet port
- SD/MicroSD card reader
- 3.5mm Aux audio port

Onyx USB-C Hubs

- 9H tempered glass top and bottom
- Anodized aluminum frame
- LED logo indicates activity status

Onyx USB-C 4-Port Hub

The Onyx USB-C 4-Port Hub is the ultimate compact companion for your MacBook Pro or compatible USB-C device. Featuring three high speed USB 3.0 ports, you can easily connect USB devices such as external hard drives, a keyboard or your smartphone to your device. The ultrafast Ethernet port supports 10/100/1000Mbps network connections, allowing you to browse the internet and transfer data at faster-than-WiFi speeds.

- 3x USB 3.0 ports supporting 5Gbps data transfer
- 10/100/1000Mbps RJ45 Ethernet port

Onyx USB-C 6-Port Hub

The Onyx USB-C 6-Port Hub is a compact and convenient way to add dual monitor support to your MacBook or USB-C compatible device. Featuring HDMI and VGA ports, you can extend your display across two external monitors for increased efficiency. Three USB ports allows you to connect USB devices such as external hard drives, a keyboard or your smartphone, while the 100W USB-C PD input allows you to keep your laptop charged while you work.

- Crisp 4K HDMI and 1080P VGA outputs
- Supports simultaneous 1080P video output
- USB 3.0 and 2x USB 2.0 ports
- 100W USB-C PD power pass-through

Onyx USB-C 9-Port Hub

Designed for digital creatives, the Onyx USB-C 9-Port Hub is a sleek and compact way to add an array of ports to your MacBook or USB-C compatible device. Featuring 4K HDMI and 1080P VGA ports, you can extend your display across two external monitors for increased efficiency. Two high speed USB 3.0 ports allow you to connect external hard drives or keyboards, while the Ethernet port supports 10/100/1000Mbps network connections so you can browse the internet at faster-than-WiFi speeds.

- Winner of 2022 Red Dot: Product Design award
- Crisp 4K HDMI output and 1080P VGA
- Supports simultaneous 1080P video output
- 2xUSB 3.0 ports & 100W USB-C PD pass-through
- RJ45 Ethernet port and SD/microSD card reader

JCP6237

JCP6189

USB-C 4-Port USB Slim Hub

The USB-C 4-Port USB Slim Hub is a compact and convenient way to add four USB ports to your MacBook or USB-C compatible device. The ultra-slim design and aluminum enclosure make it an ideal travel companion while the high speed USB 3.1 Gen 1 ports allow you to connect to a world of accessories, from hard drives and thumb drives to printers and other peripherals.

- Four USB 3.1 Gen 1 ports supporting up to 5Gbps data transfer speeds
- Backwards compatible with USB 2.0
- Ultra-slim and lightweight design
- Sleek and durable aluminum alloy shell
- Blue LED connection status indicator

USB-C 4-Port Hub

Connect multiple devices simultaneously via one USB-C port with the USB-C 4-Port USB Hub. Featuring high speed USB 3.0 connectivity supporting data transfer speeds up to 5Gbps, you can connect to a world of accessories, from hard drives and thumb drives to printers and other peripherals. The compact and durable design make the USB-C 4-Port USB Hub the ultimate in portable connectivity.

- Compact and lightweight design
- Durable aluminum shell
- Four USB 3.0 ports
- Supports up to 5Gbps data transfer speeds

JCP6189

JCP6217

USB-C to HDMI Adapter with USB and Charging

The USB-C to HDMI adapter is the perfect way to add a HDMI port and dual USB ports to your MacBook, iPad or Chromebook while keeping it charged. Supporting resolutions up to 4K Ultra HD at 30Hz, this slim adapter lets you extend your desktop to a second display or watch movies and play games directly on your TV. The dual USB 3.0 ports allow you to connect external storage or a keyboard and mouse to your device, and the USB-C PD power pass-through port means you can keep your device charged at the same time.

- HDMI port outputs crisp 4K video at 30Hz
- 2x USB 3.0 ports supporting 5Gbps data speeds
- 60W USB-C Power Delivery pass-through
- Sleek and durable aluminum shell

USB-C Multiport Adapter with 4K HDMI & Card Reader

The USB-C Multiport Adapter is the ultimate way to add a range of essential ports to your laptop or tablet. It features a 4K HDMI port so you can expand or mirror your display to a high resolution external monitor and a USB-C PD power pass-through port so you can keep your device charged. The two high speed USB 3.0 ports allow you to connect a huge range of peripherals such as hard drives and printers, while the SD and microSD card reader allows you to upload photos from your camera or smartphone.

- HDMI port outputs crisp 4K video at 30Hz
- 2x High speed USB 3.0 ports
- USB-C PD pass-through charging up to 60W
- SD/microSD card reader
- Durable aluminum shell

JCP6227

JCP6349 `New`

USB-C 11-Port Hub Stand

Designed for all-in-one computers and monitors, the USB-C 11-Port Hub Stand elevates your device to a more ergonomic height and helps reduce neck strain. The front facing ports give you easy access to the most frequently used connections like USB 3.0, USB-C, SD/MicroSD card slots as well as a headphone port. Featuring simultaneous video outputs to HDMI and VGA, you can expand your desk across multiple displays while the space underneath the stand allows for tidy storage of your external hard drive or peripherals.

- All-in-one hub for USB-C devices
- Simultaneous video output
- Crisp 4K HDMI and 1080P VGA
- 3x USB 3.0 ports and 2x USB-C ports
- SD and MicroSD card reader
- Aux 3.5mm audio
- Inbuilt cable organizer
- 100W USB-C Power Pass-through
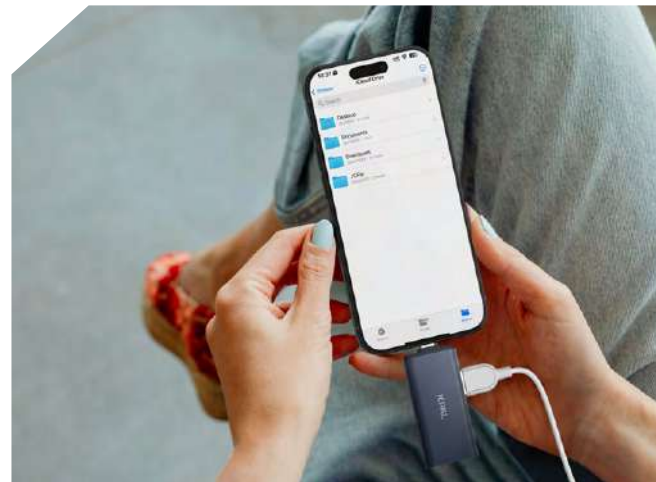

USB-C 3-in-1 Travel Hub

This powerful yet compact hub supports crisp 4K HDMI at 60Hz output to a TV or monitor and USB-C PD charging, providing up to 100W of power to your device. The USB 3.0 port allows for fast data transfer and syncing. Compact design and lightweight aluminum housing make it an ideal travel companion. With broad compatibility you can seamlessly transfer files between Mac, PC, Android and iOS systems.

- USB-C data port supporting 5Gbps data transfer
- PD port supporting 100W power pass-through
- HDMI port supports resolutions up to 4K at 60Hz
- Compatible with Mac, PC, and Android systems
- Compact and portable design
- Durable aluminum shell

Stands & Charging

Raise your device to a more ergonomic
angle and keep it charged.

EasyOn MagSafe Grip Stand

The EasyOn MagSafe Grip Stand is the perfect
accessory for your MagSafe compatible iPhone.
Simply insert your MagSafe charger into the
EasyOn and now whenever you need to charge
you have a handy grip to hold onto your phone,
or an angled stand so you can watch movies and
videos while you charge. Keep your cables out of
the way with the handy cable cutouts while the
durable silicone material prevents scratches.

- Can be used as a grip or stand
- Premium silicone material
- Cable organizer cutouts
- MagSafe charger not included

XStand Ultra Compact Riser Stand

The ultra compact XStand is a handy riser stand that elevates your laptop to a more ergonomic angle, helping to reduce neck strain caused by looking down at your laptop for extended periods. The slim folding design opens out in an X shape and elevates your laptop to your desired angle from 15-degrees to 45-degrees, reducing pressure on your neck and increasing the cooling airflow under your laptop.

- 6 adjustable angles from 15° to 45°
- Durable aluminum alloy construction
- Compact folding design
- Non-slip silicone pads
- Effective heat dissipation
- Suitable for laptops and tablets up to 17"
