Q3 2024

### 2. Inventory Accounting Policy

**2.1. Inventory Valuation Principle:** Inventories are valued at original cost. If the net realizable value is lower than the original cost, they are valued at the net realizable value. The original cost of inventories includes purchase costs, processing costs, and other directly related costs incurred to bring the inventories to their current location and condition

**2.2. Inventory Value Determination Method at Period-End:**

Inventory value at period-end is determined using the weighted average method.

**2.3. Inventory Accounting Method:** The Company applies the perpetual inventory tracking method.

**2.4. Inventory Impairment Provision:** Inventory impairment provision is established at year-end as the difference between the original inventory cost that exceeds its net realizable value.

### 3. Receivables Recognition Principles

**Nguyên tắc ghi nhận:** Accounts receivable from customers, prepayments to suppliers, internal receivables, receivables according to construction contract progress plans (if any), and other receivables at the reporting date, if

- Collection or payment term is under 1 year, classified as short-term assets
- Collection or payment term is over 1 year, classified as long-term assets

### 4. Fixed Asset Recognition and Depreciation Principles

**4.1. Recognition of Tangible and Intangible Fixed Assets**

Fixed assets are recognized at original cost. During use, fixed assets are recorded at original cost, accumulated depreciation, and remaining value.

**4.2. Depreciation Method for Tangible and Intangible Fixed Assets:** Depreciation is calculated using the straight-line method. Estimated depreciation periods are as follows:

- Buildings and structures	5 - 7 years
- Machinery and equipment	5 - 7 years
- Transportation vehicles	6 years
- Management tools and equipment	3 years

### 5. Trade Payables and Other Payables Recognition Principles

Payables to suppliers, internal payables, other payables, and loans at the reporting date are classified as:

- Short-term liabilities if payment term is under 1 year
- Long-term liabilities if payment term is over 1 year

Assets awaiting processing are classified as short-term liabilities

Deferred income tax is classified as long-term liability.

### 6. Financial Investment Recognition Principles

Other investments at the reporting date are classified as:

- "Cash equivalents" if recovery or maturity term is not over 3 months from the investment purchase date
- Short-term assets if capital recovery term is under 1 year or within one business cycle
- Long-term assets if capital recovery term is over 1 year or more than one business cycle

### 7. Prepaid Expenses Recognition Principles

Prepaid expenses only related to current financial year's business production costs are recognized as short-term prepaid expenses.

The following expenses incurred in the financial year are recorded as long-term prepaid expenses to be gradually allocated to business operation results:

## NOTES TO THE CONSOLIDATED SELECTED FINANCIAL STATEMENTS Q3 2024

- Expensive tools and supplies
- Development stage costs not meeting intangible fixed asset recognition conditions

period are based on the nature and extent of each expense type to choose appropriate allocation methods and criteria. Prepaid expenses are gradually allocated to production and business costs using the straight-line method.

### 8. Accrued Expenses Recognition Principles

Expenses not yet incurred but accrued into production and business costs in the period to ensure that actual expenses do not cause sudden fluctuations in production and business costs, based on the principle of matching revenue and expenses. When these expenses actually occur, if there are differences from the accrued amount, accounting will make supplementary or reduced entries corresponding to the difference.

### 9. Owners' Equity Principles

Owner investment capital is recognized according to the actual contributed capital by owners. After-tax profit is distributed according to the Annual Shareholders' General Meeting Resolution. Funds are allocated and used according to the Company's Charter.

### 10. Revenue Recognition Principles

#### 10.1. Sales revenue is recognized when simultaneously satisfying the following conditions:

- Most risks and benefits associated with product or goods ownership have been transferred to the buyer
- The Company no longer retains management rights to goods as the goods owner or goods control rights
- Revenue can be relatively certainly determined
- The Company has received or will receive economic benefits from the sales transaction
- Related transaction costs can be identified

#### 10.2. Service Provision Revenue

Service provision revenue is recognized when the transaction result can be reliably determined. For services related to multiple periods, revenue is recognized in the period according to the completed work portion as of the Balance Sheet date. The service provision transaction result is determined when satisfying these conditions:

- Revenue can be relatively certainly determined
- There is potential to receive economic benefits from the service transaction
- The completed work portion can be identified as of the Balance Sheet date
- Transaction costs and costs to complete the service transaction can be identified

#### 10.3. Financial Operation Revenue: Revenue from interest, royalties, dividends, shared profits, and other financial operation revenues are recognized when simultaneously satisfying two conditions:

- Economic benefits can be received from the transaction
- Revenue can be relatively certainly determined

### 11. Financial Expense Recognition Principles

Expenses recognized as financial expenses include:

- Expenses or losses related to financial investment activities
- Borrowing and loan costs
- Exchange rate loss from transactions related to foreign currencies

These items are recorded at total occurrence in the period, without netting against financial operation revenue.

## NOTES TO THE CONSOLIDATED SELECTED FINANCIAL STATEMENTS

### Q3 2024

#### 12. Principles and methods for recording current corporate income tax expenses and deferred corporate income tax expenses

Current corporate income tax expense is determined on the basis of taxable income and corporate income tax rate in the current year.

Deferred corporate income tax expense is determined on the basis of the deductible temporary difference, the taxable temporary difference and the corporate income tax rate.
