

TECHNICAL PRODUCT FORM

AmWash F30 ALB

Typical application	Amwash is specially designed for application in industrial and commercial heating, ventilation and conditioning systems as washable filter.	
Characteristics	Model: Nominal Size: (WxHxD)	AmWash F30 24x12x2"
Efficiency	EN 779	M5
Air flow	Rated:	1700 CMH
Pressure drop	Initial: Final recommended:	90 Pa (Remark: This value is based on estimation) 250 Pa
Material components	Media: Frame:	Synthetic Aluminium
Temperature limits	Continuous:	100°C
