

TECHNICAL PRODUCT FORM

AmWash F30 ALB

Typical application	Amwash is specially designed for application in industrial and commercial heating, ventilation and conditioning systems as washable filter.	
Characteristics	Model: Nominal Size: (WxHxD)	AmWash F30 24x24x2"
Efficiency	EN 779	M5
Air flow	Rated:	3400 CMH
Pressure drop	Final recommended:	250 Pa
Material components	Media: Frame:	Synthetic Aluminium
Temperature limits	Continuous:	100°C
