

Universal Compression Tool,  
Series 6 & 59 - 18mm, Series 11

## CX-AC-UCT-11

## Specification

### INNOVATIVE SOLUTION

The CX-AC-UCT-11 is a One-of-a-Kind compression tool designed with installers' needs in mind.

The CX-AC-UCT-11 allows users the benefits and ease of a horseshoe style compression tool.

During compression, the connector is supported a full 360 degrees for balanced, consistent installations.

### Advanced Features .

- Slim design allows users to get extremely close to the connector when cable length is limited.
- Works on TRS 6 & 59 and DRS 11 connector stroke lengths.
- Compact, durable, pocket design and construction.
- Enhanced leverage for easier activation Automatically aligns cable
- Flip latch secures connector assembly providing perfect alignment.
- Greater durability for longer life.
- Locking mechanism allows for convenient storage in any tool bag.
- Full 360° compression surface.
