

Universal Compression Tool,
Series 6 & 59- 18mm

CX-AC-UCT

Specification

Innovative Solution

The CX-AC-UCT allows users the benefits and ease of a horseshoe style compression tool.

During compression, the connector is supported a full 360 degrees for balanced, consistent installations.

Advanced Features

- Slim design allows users to get extremely close to the connector when cable length is limited.
- Works on TRS 6 & 59 with 18mm connector stroke lengths.
- Compact, durable, pocket design and construction.
- Enhanced leverage for easier activation Automatically aligns cable
- Flip latch secures connector assembly providing perfect alignment.
- Greater durability for longer life.
- Locking mechanism allows for convenient storage in any tool bag.
- Full 360° compression surface.
