MOGO® PRO

PROFESSIONAL REUSABLE CABLE PAK

Our premier sustainable cable product packaging solution

Designed for Techncians

PCT International has always been known for its innovative broadband products throughout its product offering. So it's natural that we would apply our expertise to our line of cable packaging to deliver a completely new, one-of-a-kind reusable cable pak with installation technicians needs in mind.

We've taken our original MOGO® reusable cable pak to a completely new level. MOGO PRO is an industrial strength professional design that withstands tough use and environments with prograde enhanced features for long lasting performance.
